Kelly Lamrock, Shawn Graham, and the Liberal government have decided that the best way to “improve” New Brunswick’s education system is to axe what experts have called one of our most effective programs.

Let the politicians in Fredericton hear what  
**YOU** have to say about this decision!

**THURSDAY MARCH 27 - 12 PM -  
NB LEGISLATIVE ASSEMBLY FREDERICTON NB**

Parents, Students, Children, and Citizens will be travelling from across the province to our province’s capital city to demonstrate to the Liberal government how important we believe this program is.
